### REACH Compliance Statement

The European Union's REACH Directive (EC 1907/2006) is designed to regulate the Registration, Evaluation, Authorization and Restriction of Chemical Substances. REACH legislation was finalized in December 2006 and has been in effect since June 2007.

Plum Safety ApS hereby confirm that our products are compliant with the relevant regulation (EC 1907/2006), based on information given by our suppliers. REACH compliance means that all substances contained in our products:

- Have been pre-registered and/or registered by our suppliers, or
- Are excluded from the Regulation, or
- Exempted from registration

Plum Safety ApS is a downstream user, and our responsibility is to check that our suppliers meet the requirements of The European Union's REACH Directive (EC 1907/2006).

The pertinence of the above-mentioned information is continuously checked by us, if any relevant changes happen or new information comes up, our customers will be informed immediately.

Substances of Very High Concern (SVHC):

Plum Safety ApS will continue to monitor the SVHC Candidate list to make sure none of the components in our products contain any substances listed in the SVHC-list published by the European Chemicals Agency (ECHA).
